**U.S. Probation Officer Action:** On January 3, 2022, the offender reported as instructed and signed an admission form regarding his drug usage. The offender reported no further usage after December 24, 2021. Since the offender is on random drug testing there is a likelihood that any further tests in January will show positive due to residual use. Brewer will be monitored for any further drug usage through increased random drug testing. Accordingly, the Court reserves the right to revisit this allegation in the future, and should the offender incur any further violations, the Court will be notified immediately.

Respectfully submitted,

Bartosz Szatkowski
